

The Huktra **core activity** is to offer door to door **intermodal transport** of bulk liquid and powder materials by tank containers. We specialize in combined transport using a variety of road – rail – sea combinations across Europe.

Our fleet, consisting of over 900 tank containers today, is managed by our staff in **Manchester, Tarragona, Novara** and our headquarters in **Zeebrugge**. We operate third party tank containers as well : we undertake trucking, shipping, railing, logistic planning, cleaning, repair and maintenance of customer owned tank container fleets.

Our first aim is to **continuously improve** our quality, to keep **safety** as a prime target and to develop long term relationships with our customers. We want to improve our productivity continuously to remain competitive in the market, and we want to grow as a necessity in an expanding European market.
